All resilient floors are subject to indentations by furniture and other objects (e.g. women's stiletto heels that have too small a bearing surface). Owners are advised to protect new floors with suitable furniture rests.

In areas where bamboo flooring is to be installed, the sub-floors must be smooth, level, clean, free of contaminants, and dry. You shall be responsible for the performance of the sub-floor. These warranties are applicable to the original end-consumer only and are non-transferable. This Warranty does not cover damage or defects resulting from or in any way attributable to:

- » Abuse, lack of maintenance, neglect, abnormal use or misuse, negligence, application of solvents, corrosives or other chemicals to the Flooring, color change, fading or damage due to exposure to the sun, excessive pivot and point-loads, spike-heeled shoes, unpadded furniture feet, water, damage from sand, pebbles or other abrasives, or other unintended uses;
